NOT OFFICIAL PUBLICATION OF TOWN OF SHARPSBURG

VOLUME 7 ISSUE 3

MARCH 2010

Possible Commercial Development at Hwy. 16 & 54

ATTENTION

Life as you know it may change...or at least traffic as you know it.

Choose to be for it or against it but be aware of the effects of the Neely Development on Highway 16 if annexed and rezoned. The plans to annex the property into the Town of Sharpsburg are now underway. There will, of course, be mandatory public hearings but that will be a little late.

I plan to publish your opinions (signed only, please) in the next issue of this newsletter. Contact your Mayor and Town Council members with your opinions...call, email, or write a letter...before it is too late!

I would like your FEEDBACK

As long as there are different people there will be different opinions and that is a good thing. I beg you, pay attention to the Neely development recently rejected by Turin and Coweta County as not suitable to the area because of environmental, traffic and other concerns. The developers are planning to get the property annexed into Sharpsburg, then rezoned in order to proceed with plans of the developer.

GO TO

to find information about this development...traffic numbers, stated environmental issues, all of the reasons this development was not approved for Turin or Coweta County.

Why would Sharpsburg want the development? Ask the Mayor!

Mr. Eric Richards confirms that there will not be a Spring Old Town Sharpsburg Festival in April.

YEAAAAAAAAAAAAAAAAA!

The Terrentine Street sign is back up. The sign had been missing for two full years. In addition an old “Under Construction” sign has been removed finally from Main Street....1 1/2 years after construction was completed. The good news is that someone is now paying attention.
